Dear Sir:

**RESPONSE TO THE NOTICE TO COMPLY WITH SEQUENCE LISTING REQUIREMENTS**

In response to the Notice dated September 4, 2002, Applicants respectfully submit that this Notice is in error. In the Response to the Notice to File Missing Parts filed July 10, 2002, a request was made to use the CRF of the parent application, Application No. 09/303,155 filed April 30, 1999. The required statement that the Sequence Listing filed and the CRF are identical was also made at that time (see attached copy). This response was received as evidenced by entering the Declaration filed with the response. Thus, the application is in compliance and no new response is necessary. In addition, no fees should be due. Should any fees be due please charge our deposit account 20-0087.

Dated: March 6, 2003.

Respectfully Submitted
